

# World Conference On Plant Science And Biotechnology(WPB 2025)

## Call for Papers

WPB 2025 is all set, where top scientists, industry leaders, and investors unite to share cutting-edge ideas in Plant Science and Biotechnology, fostering collaboration and driving innovation.

Participants are encouraged to submit abstracts showcasing their research and findings pertinent to the scientific sessions. A sample template is accessible on the 'Abstract Submission' page of the conference website. Accepted abstracts will be featured in the conference's extended abstract book, accessible online and distributed during the event

## Conference Topics

- Plant Genetic Engineering and Utilization
- Botanical Perspectives on Environmental Factors
- Agricultural Science and Crop Production Studies
- Plant Chemical Compounds and Medicinal Uses
- Botanical Structure and Form
- In vitro Plant Propagation and Tissue Engineering
- Insect Ecology in Plant Systems and Pest Control Strategies
- Cultivation and Management of Ornamental and Horticultural Plants
- Holistic Approaches to Plant Environmental Adaptation and Physiology
- Botanical Studies in Forest Ecosystems and Management

For more info on conference topics please visit:

## Important Dates

Abstract Submission Opens: May 31, 2024  
Registration Opens on: May 31, 2024

## Abstract Submission

For online Abstract Submission 

Or

**Drop at Email:** [plantscience@m-n-group.com](mailto:plantscience@m-n-group.com)

## Registration Details

Presenter (In-Person) : \$699  
Presenter (Virtual) : \$599

Listener (In-Person) : \$799  
Listener (Virtual) : \$699

Accompanying Person: \$200
